BOOTH MANAGERS CLAIM STATE BY TEN THOUSAND.

WILSON STRIKE PANACEA NOW BEFORE CONGRESS.

Men Reject His Proposal; Railways Order Embargo on Freights.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 29.—President Wilson today proposed a plan of legislation to settle the railway strike situation before Congress. The President's proposal, which is being debated in the Senate today, would prevent the strike by a stage where the next day would be the last day of the strike. The legislation would be passed by the House of Representatives and the Senate would be called upon to pass it. The President's proposal would be effective if it were passed by the House of Representatives and the Senate would be called upon to pass it. JOHNSON NEAR REPUBLICANISM IS REPUDATED BY THE SOUTH.

Party Leaders Estimate Booth will Go to Tehachapi with Twenty-five Thousand Majority—Governor's Managers Claim Central Counties—Result in Doubt.

WILLIS H. BOOTH, the Republican candidate for United States Senator, will go north to the Tehachapi with a lead of 25,000 over Hiram Johnson, his politico-mongrel opponent, while Johnson will come south to the Tehachapi with a lead of 15,000 or more over Booth, according to the estimate of local Republican leaders at an early hour this morning. If these estimates are borne out by the later complete returns, Booth will have a lead of 10,000 throughout the State. It was apparent, however, that the race would be close. The result is in doubt. In a statement issued from Johnson headquarters at midnight, the claim was made that the Governor would carry the State by a lead of 7000. Those making this estimate asserted that they were giving Johnson "the worst of the State." At the same time, Mr. Booth's managers in the north asserted the race would be very close. From compilations made at Sacramento at midnight, it was asserted that Johnson had carried San Francisco, Alameda, Fresno and other bay and central counties, while it appeared that Booth had a comfortable lead in counties north of San Francisco, and a big majority in the southern part of the State. Indications were that Booth had carried Los Angeles county by 15,000 to 20,000, and all other Southern California counties, except Imperial, by two and three to one over his opponent. It was conceded by Los Angeles managers of the Booth campaign that he would lose San Francisco by about 10,000. San Francisco compilations of the vote of half the counties in the State at midnight gave Gov. Johnson a lead of about 4 to 1. SOUTH FOR BOOTH. Joe S. Crall, chairman of the Campaign Committee of the Johnson-for-Senator Club, admitted that Booth would carry Los Angeles county by not less than 5000 votes, and that Johnson would also lose to Booth in San Bernardino, Orange, Santa Ana, and San Diego counties. "We will break even in Riverside

county, and Johnson will carry Imperial and Santa Barbara counties, according to the returns we have received. Johnson's nomination to the Republican ticket is assured by a majority of 10,000 votes in the entire State. Gov. Johnson himself claims a majority of 25,000 north of the Tehachapi. Returns indicate that he will carry San Francisco county by 7000 votes; Alameda county by 4500; Sacramento by 1500 and Fresno by a large majority. A much larger victory for Johnson was anticipated earlier in the evening at the headquarters than was borne out by later results. COUNTY BY COUNTY. While the total vote cast in Los Angeles county was less than 40 per cent. of the registration, the count was slow because of the necessity of separation of ballots by party designation and by reason of the large number of names on each ballot. This, together with the inexperience of many election officials, made it impossible to gain any very accurate indication of the result in the earlier hours of the evening, although from the start it was plain that Booth had a wonderful lead over Johnson. According to the tabulations at 1 o'clock this morning, the vote in 185 complete precincts in Los Angeles county stood: Booth, 5002; Johnson, 5178, with nearly 1000 precincts to spare. In San Diego county, seventy-seven precincts out of 221 stood: Booth, 2887; Johnson, 1812. Orange county, reporting sixty-two out of 106 precincts, gave Booth, 1735; Johnson, 743. A partial count in Imperial county gave Booth 139 to 245 for Johnson, while in Santa Barbara county a late count showed the result to be close, with Booth 487 and Johnson 466. Kern county reported a good lead for Johnson in the early count, 1054 for him and 634 for Booth. Estimates from Inyo county late in the evening indicated Booth in the lead by about 4 to 1. AT BOOTH HEADQUARTERS. Booth headquarters presented a scene of animation until well after midnight, friends of the Republican standard bearer thronging into the campaign rooms long after the addi-

Armored Warship Is Swept Upon Reef During Heavy Sea in Harbor of Santo Domingo—Admiral Pond Claims that He Expects All Will Be Saved.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 29.—Rear Admiral Pond at Santo Domingo, cabled the Navy Department tonight that the armored cruiser Memphis, swept upon the rocks by a heavy sea in the harbor there today, would be a total loss. He added that, although it was expected all on board would be saved, twenty men returning to the ship from shore in a motor boat had been drowned. ADMIRAL'S DISPATCH. The admiral's dispatch followed: "Memphis driven ashore by heavy sea, Santo Domingo City, west of light-house, at 4:30 p.m. She is lying close under bluff, has lines ashore and getting crew off. Heavy sea came up suddenly and ship was unable to get up steam in time to save herself. Twenty men of liberty party drowned on way back to ship. Casualties (gunboat) dragged close in, but did not strike, and got out to sea. No other casualties known. Memphis will be total loss. Expect to save everybody on board." WARNED OF STORM. Admiral Benson explained that the construction of the Memphis is such that she probably would withstand a great amount of pounding, allowing for rescue of those aboard. He said he was puzzled over how the accident occurred, since officers of the ship had been warned early today of approach of a tropical storm. ALL FIRES EXTINGUISHED. SANTO DOMINGO, Aug. 29.—The United States armored cruiser Memphis was driven ashore on the rocks of the outer harbor today by a great and sudden ground swell. All fires under the boilers of the Memphis were extinguished by the truth of water. The United States gunboat Castine managed to escape by putting to sea. The United States cruiser Memphis formerly was the armored cruiser Tennessee. Her name was changed May 25 last. Recently she has been doing duty in Santo Domingo waters in connection with the revolution. The Memphis is of 14,500 tons and has a horse power of 23,000. Her complement is 900 men. She is the flagship of the cruiser force of the United States Atlantic fleet. Capt. E. L. Beach commands the Memphis. ARCHBISHOP SPALDING BURIED. PEORIA (Ill.) "CHRONICLE" DECLARES JOHNSON HAS SECURED THE NOMINATION.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
LOS ANGELES, Aug. 29.—The Chronicle will say tomorrow: Gov. Johnson has won the Republican nomination for United States Senator, according to the returns from half the precincts in the State, which give him a lead over Willis H. Booth of 17,139. This is the result of today's State-wide primary election within the Republican party as it is shown by the latest State returns scattered over the entire State, and numbering 2759 precincts out of a total in the State, including the city and county of San Francisco, of 4443. These figures, which appear to give Johnson a certainty of final result, were tabulated up to 1:15 a.m. o'clock Wednesday morning, and show that the State administration organization has been successful in securing a considerable number of the northern and central counties in the State and with having held down the vote in some of the expected strongholds of the Republican party in the south for Booth. San Francisco gives Johnson 10,800 majority. Alameda county adds 800 to his list. He is also well in the lead in several of the San Joaquin and Sacramento valleys counties.

PAY-ROLL-BRIGADE WORK SHOWN IN THE NORTH.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
SACRAMENTO, Aug. 29.—Partial returns from 1200 out of about 3000 precincts in Northern and Central California indicate that Gov. Johnson and his pay-roll brigade secured a sufficient lead in San Francisco, Alameda, Sacramento and Fresno counties to carry the northern and central parts of the State by a comfortable majority. Genuine Republicans hope, however, that the final returns from the extreme northern and southern counties will still give the Republican nomination to Willis H. Booth, who is gaining as the more complete returns come in. Sacramento county went for the Governor with the regularity that it always maintains when the pay-roll brigade is working. More than 100 automobiles, many of them belonging to State departments, were in use by the administration forces, and there were 500 paid workers. It was noted that the Johnson forces sought to cover up the fact that so many men and machines were at work. There was not a political banner displayed on any of the machines and

RETURNS AT MIDNIGHT IN LOS ANGELES COUNTY.

FOLLOWING are election returns from Los Angeles county at midnight: Manhattan Beach turned in a close race for Senator. Johnson received 28 votes and Booth 24. For Superior Court judges the vote was as follows: Barstow, 3; Craig, 5; Finlayson, 10; Fuller, 6; McDonald, 3; Middlecoff, 4; Wood, 7; and Legerton, 2. For District Attorney: Baker, 3; Dean, 16; Graham, 8; Helms, 25; and Woolwine, 31. Complete returns from nine precincts in San Pedro gave Booth 132, Johnson 148. Congress, Tenth District: Benedict, 1131; Osborne, 97; Prince, 57. For State Senator: Chamblain, 212; Luck, 55; Bergman, 15; Carson, 28; Farmer, 74; Powell, 23; and Martin, 80. Superior Court Judges: Finlayson, 134; Fuller, 63; Legerton, 23; McDonald, 107; Middlecoff, 41; Wood, 149; Barstow, 67; Craig, 180. JUDGE GETS OUT OF B. & M. RECEIVERSHIP.

(BY A. P. DAY, WRITER.)

BOSTON, AUG. 12.—United States Circuit Judge William Pittman, who has been in charge of the railroad receivership, it is understood here that the ultimate decision in the Franks case with the employees and the Franks estate have, with few exceptions, rested in the hands of the executive committee of the various boards of directors, many of whom are the most important financiers of the country. One of them said today that the business of the railroad had become effective immediately. The order will eliminate the use of the reserve fund.

Under the heading, "Perishable goods" it was explained, are included fresh meat, butter, eggs, vegetables, fruit and ice. The company also refuses to be responsible for delay in other freight shipments.

The order became effective immediately. The other members of the committee will eliminate the use of the reserve fund.

IMMINENCE OF STRIKE INCUBUS UPON MARKET.

Wall Street Securities Under Constant Pressure as Railway Labor Dispute Grows More Ominous, Inducing Further Liquidation and Professional Pressure—Bonds Lower on Contracted Operations.

[BY A. P. NIGHT WIRE.] NEW YORK, Aug. 29.—Stocks were under constant pressure today, the more ominous aspect of the railway labor dispute inducing further liquidation and professional pressure. Among the very important factors to the lower trend was the fact that the Pullman Palace cars, preferred, and some of the motor cars, were under constant pressure.

WHEAT RALLIES ON NEW EXPORT HOPE. [BY A. P. NIGHT WIRE.] CHICAGO, Aug. 29.—Signs that European importers were not relying much on chances that Russian shipments soon might be finding an outlet through the Dardanelles tended today to cause a decided rally in the wheat market here.

PUTS TABOO ON PERSONALITIES. [BY A. P. NIGHT WIRE.] NEW HEAD OF SCHOOLS INVITES HONEST CRITICISM. But He Wants Suggestions to be of Helpful Kind. Hopes to Make City's System a Model for Nation.

REDLANDS HIGH TO HAVE NEW FIELD. [SPECIAL CORRESPONDENCE.] REDLANDS, Aug. 28.—The new athletic field east of the Manual Arts Building, recently purchased by the City Trusts for the High School, is now being rolled and put in shape for the fall football practice.

THIRD ALARM CALLS OUT ENTIRE FORCE OF FIGHTERS. [SPECIAL CORRESPONDENCE.] A three alarm fire early last night damaged to the extent of \$10,000 the Van Vleet and Berman Mattress and Spring Company works at No. 1233 East Sixth street, was the cause of every fire-fighting machine in the city being rushed to the scene of the blaze, and for a time threatened to destroy thousands of barrels of gasoline and crude oil stored in tank cars and tanks near by.

LOCAL PRODUCE MARKET.

Los Angeles sugar wholesalers are expecting another decline in prices this week. The bulls and bears on sugar situation, however, are both airing their opinions strongly as to whether the market is going up or down. The bulls element asserts that the powerful Cuban raw sugar market, as they term it, has not sold a bag of raw sugar in New York market for less than \$2.00. All prices below \$2.00, it is claimed, have been made by frightened speculators, and that these speculative stocks are rapidly clearing up. The bears, on the other hand, are of the opinion that the Cuban market is not so strong as it is made out to be, and that the market is going down. The bulls and bears are both of the opinion that the market is going down. The bulls and bears are both of the opinion that the market is going down.

Butter and eggs are again advanced yesterday and for the past few days dealers are making and getting a few cents a pound. Butter is selling at 21 cents a pound, and eggs at 18 cents a dozen. The market is still heavy, but outside demand is said to have more than offset the heavyness in production. Eastern and Oregon cheese prices continue firm. The western market is still heavy, occasioned by heavy export shipments. Wisconsin cheese is particularly heavy. Amalgamated Seizes Chance to Make Money.

Customary Melon Diverted to Larger Equipment.

Means More for Company Stockholders Later.

Directors of the Amalgamated Oil Company yesterday decided to pass the company's dividend and for the present devote the earnings to the development of the corporation's holdings and the acquisition of additional property. The decision was reached after a long session of the board, which was held in the company's headquarters at 1000 Broadway. The dividend, which was set at 10 cents a share, was passed by a vote of 10 to 2. The directors are of the opinion that the company's earnings are sufficient to cover the cost of the dividend, and that the company's holdings are sufficient to cover the cost of the dividend.

More for Company
Stockholders Later.

Directors of the Amalgamated Oil Company yesterday decided to pass the company's dividend and for the present devote the earnings to the development of the corporation's property and the acquisition of additional property, according to a statement received from San Francisco.

The company has been making payments at the rate of \$1 a month, disallowing a total, at this rate, of \$12,000 annually.

The passing of the dividend is the first of the kind since the company was organized. It is a condition arising from the present prosperity of the oil industry. The management of the company is more than equal to the present requirements, but it is the desire of the directors of the company to take advantage of the present high prices for oil.

The company is at present running on a cash basis. The management of the company is more than equal to the present requirements, but it is the desire of the directors of the company to take advantage of the present high prices for oil.

Prepare for Strike.

(Continued from First Page.)

ferred to swear in as deputies such men as we deem necessary.

"We are not looking for any great trouble. I fully believe that 25 per cent of the men now employed will refuse to strike. There are enough unemployed men in Los Angeles to fill all the vacancies on the West Coast division. We are not looking for any trouble in operating our line."

At the Southern Pacific offices it was learned yesterday that Barney McShane, chief special agent for this district, has been instructed to hold his men in readiness for trouble. No extra men have as yet been arranged for by this system. In fact, the prevailing belief is that, while a strike is almost certain, it will be forced to concede to the extra officers are unnecessary.

Practically the same stand is taken by the Salt Lake Route. At the offices of W. S. Gilbert, chief special agent, it was declared that, while every precaution would be taken in event of a strike, no trouble is anticipated with the strikers.

EXPECT NO DAMAGE. Assistant General Manager Campbell of the Southern Pacific said last night: "This strike is not one in which we expect any property damage. The class of the men in this controversy precludes any danger from that score."

"The engineers, firemen, conductors and other members of the brotherhood affected are a fine body of men. They have families, and in a large part own their own homes and have made savings."

"They are not the class of men who destroy property, and I believe that this controversy will be met on their side in a business-like manner. They expect that the roads will be forced to concede to their demands through the force of economic pressure. We, on our side, do not believe so."

"The issue will probably be joined on this basis, in case of strike, and from the instructions issued to the various leaders by the leaders themselves, copies of which have appeared in the public press, we are assured that they view the situation as I have outlined it."

ALL READY FOR FIGHT.

Judge Trippet is Back From Buck-hunting Trip to North.

As brown as a berry, United States District Judge Trippet returned yesterday from a month's vacation amid the big trees of Humboldt county, and announced that he is ready to respond to any call, though his term trial jury will not be impaired until September 1.

Judge Trippet made the trip with his two sons and President Fishburn of the National Bank of California and the one son of the latter. They camped more than three weeks in the big woods, and three deer, one shot by the eldest son of Judge Trippet, Larimore O. Trippet, fell a victim to their prowess. The deer killed by young Trippet was one of the eight-pronged buck variety, and a veritable lord of the glen.

The party fished in Van Dusen creek, and Judge Trippet is authoritatively for the statement that they caught so many steel-head trout that they didn't know what to do with them. "I am ashamed to look a fish in the face," said Judge Trippet.

Corsets Reduced

Wherever, in stock-taking, we have found only two or three or half a dozen corsets of any one make or size at any given price, we have taken them out of regular stock, placed them on tables by themselves, and put new and lower prices on them, in order that we may have no odds and ends on September 1st.

So, corsets that sell in a regular way at \$1.00 to \$18.50, are now out at 75c to \$12. Of course, there are not all sizes in any one brand, but included somewhere or other you will find large and small sizes in W. B., Warner's, Majestic, La Greque, Camille, Lestelle, Howd, Successo, Parline and other well-known lines—all reduced.
